Summary

Passionate and self-driven Front-End Developer with strong experience in building modern, responsive web applications using **React.js**, **Tailwind CSS**, and **Framer Motion**. Skilled in developing interactive UI/UX designs, optimizing performance, and integrating RESTful APIs. Adept in tools and frameworks like **ShadCN UI**, **Formik**, **Yup**, and **React Router**. Proficient in version control with **Git & GitHub**, API testing using **Postman**, and project collaboration via **Figma**. Hands-on with advanced techniques like **voice input/output**, **PDF export**, and **localStorage state** management. Strong problem-solver with excellent teamwork and communication skills, ready to contribute to high-impact projects in modern tech environments.

Skills

Tech Stack

Experience

React Intern

Internee.pk — Remote
April 2025 – June 2025

- Developed self-introduction app using React.js, Formik, and Tailwind CSS
- Built responsive e-commerce platform with Stripe integration & admin dashboard
- Created an AI-powered Resume Analyzer with keyword scanning and scoring
- Built Unsplash image gallery app with real-time search and responsive grid layout
- Designed and deployed AI chatbot app with voice input/output using Gemini API
- Created Sticky Notes app with localStorage, speech-to-text, and Masonry layout
