

Ihsan Ali

UI/UX Designer & Frontend Developer

Pakistan — +92 344 4947537 — ihsanaliaup@gmail.com

Portfolio — LinkedIn — GitHub

SUMMARY

UI/UX Designer & Frontend Developer with hands-on experience in Figma, React.js, and Tailwind CSS. Completed internships in UI/UX design and React development, with personal projects focused on responsive and bilingual RTL/LTR web applications. Skilled in wireframing, prototyping, design systems, responsive UI, and translating Figma designs into React applications. Based in Pakistan and open to local and remote opportunities.

EXPERIENCE

UI/UX Designer Intern

Nov 2025 – Feb 2026

Rhombix Technologies

Remote

- Designed wireframes, user flows, and high-fidelity prototypes using Figma for web-based products.
- Created responsive and reusable UI components with RTL/LTR support for Arabic and English interfaces.
- Contributed to healthcare, fintech, and food-related product designs.
- Collaborated with developers to prepare designs and UI specifications for implementation.

React Developer Intern

Apr 2025 – Jun 2025

Internee.pk

Remote

- Developed responsive web interfaces using React.js, JavaScript, and Tailwind CSS.
- Built an AI Resume Analyzer using the Google Gemini API.
- Developed reusable React components and integrated APIs into frontend applications.
- Used Git and GitHub for version control and project development.

SELECTED PROJECTS

Healthcare Booking System

React.js, Tailwind CSS, Zustand, i18next, Figma

- Designed wireframes and high-fidelity prototypes in Figma before frontend development.
- Built a responsive Arabic/English healthcare booking interface with RTL/LTR support.
- Implemented service browsing and multi-step appointment booking flows.

AI Admin Dashboard

React.js, Tailwind CSS, ShadCN UI, Recharts, Figma

- Designed a reusable dashboard UI system in Figma and developed the responsive React interface.
- Built interactive analytics and data visualization components using Recharts.

Personal Portfolio

React.js, Tailwind CSS, Framer Motion

- Designed and developed a responsive portfolio showcasing UI/UX and frontend projects.
- Implemented animations and interactive sections using Framer Motion.
